

# Love the Lake.

Your contribution to the Lake of Bays Heritage Foundation Land Conservation Fund will preserve the lake for our future.

Lake of Bays is fortunate to have an abundance of undisturbed, natural shoreline. Unfortunately, development pressure could irrevocably change the character of our lake.

Your contribution to the Land Conservation Fund will work to protect the lake in two ways. Money in this fund will be used to continue acquiring ecologically significant properties such as the Lower Oxtongue River, Pyke and Boothby properties. This money will

also be used to cover the LBHF custodial costs associated with managing these permanently protected natural heritage sites.

Please donate now to help preserve our lake. And please consider other ways, with your own property, to help protect the natural beauty of Lake of Bays.

For more information, please visit [www.lakeofbaysheritage.ca](http://www.lakeofbaysheritage.ca), write to us at PO Box 81, Bayville ON P0B 1A0 or call (416) 944-0631.
